RE: PUBLIC MEETING

The Chairman opened the meeting with the Pledge of Allegiance followed by a moment of silence.

RE: SHENANDOAH NATIONAL PARK

Mr. Jim Northup, newly appointed Superintendent of Shenandoah National Park, was present to introduce himself. Ms. Karen Beck-Herzog, Management Assistant, was also present.

Mr. Northup said he views Greene County, with over 15,000 acres of land in the Park, as an important neighbor. He hopes to maintain and improve relations. The Park has over 1.3 million visitors per year. A recent study indicated \$74 million in visitor spending in communities surrounding the Park. This also supports over 1,000 area jobs.

The Park has been impacted by sequestration with an immediate 5% cut to the budget which is expected to be permanent. Resulting impacts include campgrounds and visitor centers opening later this year.

Delaware North Corporation has been awarded a ten year contract for Park concessions. There will be a major reinvestment in facilities.

Mr. Northup said they are concerned about chronic wasting disease in white tail deer. The disease is about 25 miles from the Front Royal entrance and there is concern about it moving towards, and potentially, into the Park. It spreads fairly rapidly through dense populations.

Mr. Northup said he is aware of visitor issues including parking at Old Rag Mountain and White Oak Canyon. The Park is also working on a rock outcrop management plan.

The Chairman thanked Mr. Northup for his presentation.

RE: PUBLIC HEARING – SIX YEAR PLAN AND CONSTRUCTION BUDGET

Mr. Joel Denunzio, VDOT Residency Administrator, said over \$300,000 in additional funding has been added to the Six Year Plan for Greene County. Those funds will be applied to the Matthew Mill Road (Route 607) project.

The proposed Six Year Plan includes the following projects:

- Mutton Hollow Road (lower crossing) construction complete

- Mutton Hollow Road (upper crossing) construction underway
- Matthew Mill Road – intersection improvements
- Beazley Road – Widen and surface treat bridge over Blue Run
- Simms Road – Rural Rustic Road
- Rosebrook Road – Rural Rustic Road

Mr. Lamb questioned the use of funds for county-wide fertilization and seeding. Mr. Denunzio said those funds can be used for small projects such as stabilization and seeding of a slope.

Mr. Peyton felt Simms Road could use preventative maintenance in a few areas while waiting for funding on the Plan. He suggested he and Mr. Denunzio could visit the area.

Mr. Robert Marshall, resident on Simms Road, said they wish to maintain their position on the Plan and hope the project can be done a lot sooner than 2022. The road is in pretty bad condition on a daily basis. Mr. Marshall said other residents of Simms Road were also present.

Upon motion by Clarence Peyton and unanimous vote, the Board approved the Six Year Plan and construction budget for FY 13-14 as presented. (See Attachment “A”)

Recorded vote:	Jim Frydl	-	Yes
	Davis Lamb	-	Yes
	David Cox	-	Yes
	Eddie Deane	-	Yes
	Clarence Peyton	-	Yes

Motion carried.

RE: PUBLIC HEARING – REVISIONS TO ZONING ORDINANCE – STRUCTURE AREA STANDARDS FOR BUSINESS ZONING DISTRICTS

Mr. Bart Svoboda, Zoning Administrator, reviewed proposed amendments regarding structure area standards for the B-1, B-2, and B-3 zoning districts. (OR#13-001)

Recently, staff has been approached by businesses interested in locating in the County who were limited by the area restrictions in B-1, B-2, and B-3 zoning districts. This has required several parcels to be rezoned in order to accommodate a business. Staff has provided draft language to remove the area requirements in those zoning districts to allow for larger buildings and structure area.

The Chairman opened the public hearing for comment.

Eric Lamb - current ordinance indicates distinction between B-1, B-2 and B-3 zones – B-1 is supposed to be transition from more intense businesses to another – if changed across the board, really losing some distinction between B-1, B-2, and B-3 - the reason that limitation is in there, particularly for B-1, is that it does help limit the size of what can go in – can think of one property it does apply to and sure there are others around the county that aren’t B-1 at present – when you change that, you’re changing the whole thing – consider keeping B-1 as is – more transition if kept smaller on B-1

The public hearing was closed.

Mr. Lamb asked for clarification regarding the amendment. Mr. Svoboda said the amendment pertains to square feet only. It does not change any of the uses.

Mr. Deane noted the amendment would eliminate the structure area requirements but each zone would have specific criteria. Mr. Svoboda said the revision does not move uses. The revision is strictly about the area of a building.

Mr. Frydl felt the revisions make sense and said he understands Mr. Lamb's concern. He said staff does a great job applying the ordinances as approved by the Board of Supervisors.

Upon motion by Davis Lamb and unanimous vote, the Board approved the proposed revisions to the Greene County Zoning Ordinance, Articles 8, 9, 10 and all applicable references regarding structure area standards for B-1, B-2 and B-3, Business Zoning Districts. (OR#13-001) (See Planning Department for text)

Recorded vote:	Jim Frydl	-	Yes
	Davis Lamb	-	Yes
	David Cox	-	Yes
	Eddie Deane	-	Yes
	Clarence Peyton	-	Yes

Motion carried.

RE: ACTION ON PROPOSED FY 2013-2014 COUNTY BUDGET

Mr. Frydl said an updated request was received from Economic Development/Tourism Department asking for additional funds. The Economic Development Authority has declined to fund the cost of the Small Business Development Center. This is a partnership that we have benefited from in the past. Mr. Frydl felt the \$7,500 would be an investment that would pay for itself.

Mr. Deane questioned the marketing project expense of \$2,500. Mr. Frydl said the remaining funds were intentionally removed by the director. He considers that to be an evaluation by the department head. Mr. Deane agreed that helping small businesses is crucial.

Mr. Frydl also said the assistant position in that department is recently vacant and the Board must approve filling it. He suggested the Board request an evaluation by the department director prior to consideration of filling the position.

Mr. Deane and Mr. Peyton agreed. Mr. Peyton said he did not agree with restoring funds that were cut by the department director in the original budget request. Mr. Cox also agreed about the position but did not agree with changing the funding as requested.

It was the consensus of the Board to deny the request for additional funds and to request an evaluation for the assistant position.

Mr. Lamb said he could not vote to approve the budget due to inconsistencies with the school budget. He questioned the number of positions eliminated from the school system and received information from the Finance Director. Dr. Jeck, in a memo dated February 28, said the schools had cut 38 positions over the past few years. The current proposal is to eliminate an additional 22.25 positions. However, the total number of employees receiving benefits increased by 10 from 2008 to 2012 according to the March payroll.

Mr. Lamb said he would be a hypocrite if he voted to approve the budget when he is opposed to the tax rate increase and not exactly pleased with the school budget. The Board will be taking \$1.6 million from the reserve fund to provide level funding for the schools.

Mr. Lamb clarified his statement at a previous meeting that he was ok to advertise the budget but did not say he was in favor of it. He also was opposed to the increased tax levy. Mr. Lamb said proposal means under consideration and he has been considering the proposed budget.

Mr. Frydl asked if Mr. Lamb had suggestions regarding the proposed budget. Mr. Lamb said he believes in education. He felt information from the schools should be more readily available. Mr. Lamb said this is taxpayer's money and he swore to do the best job he could. He

said he is going to protect the taxpayers of this County including those who work for the County and the school system.

Mr. Peyton said we know full well that the overwhelming majority of citizens strongly object to tax increases for any reason, especially during a sluggish economy. He questioned why citizens should pay the same or greater tax rate for lesser valued property. Believes it is common knowledge that tax rates should decrease as property depreciates. He also questioned why the tax levy was increased by three cents if one cent would equal the lowered or equalized rate. Mr. Frydl noted the Board has already approved the tax levy.

Mr. Peyton asked how the Board expects to continue funding requests once the reserve is exhausted. This is the second year the Board has drawn down millions of dollars from the reserve for the operational budget. He did not feel it is prudent to live one year at a time. Taking into consideration the current spending level, the tax levy would need to be \$.85 per \$100 valuation to meet funding requests. Believes this will get us back to the days of financial insecurity where we actually had to borrow to meet payroll. Don't know why we encourage tax and spend as opposed to spending cuts. He agreed that certain things have to be funded such as fire protection, law enforcement, education, etc. He would prefer to see other organizations cut instead of raising taxes.

Mr. Peyton felt it is important for citizens to be aware that the grand total general government long term obligation has an outstanding amount of \$46,755,651 according to the most recent audit. Within one year, \$2,940,839 is due. The County has a lot of debt service. As long as we continue to "burn" the reserve fund to support operational activities in conjunction with existing projects (i.e. water & sewer, water impoundment), then the CIP is nothing more than a mammoth wish list. It will never get funded. Taking a look at the Board's posture over last two years, it almost duplicates the financial policies of the federal government and we don't want to go there.

It is unfortunate that the burden must be placed on the back of citizens for the schools but there is nowhere else to go. Mr. Peyton felt the State and Federal governments will continue to decrease funding. It is extremely important that the schools develop a plan of how to fund education over the next three to five years. How do they want the Board of Supervisors to fund education? Funding has increased over the past several years and is currently up to \$13 million in local tax money to support schools. Mr. Peyton referred to the benchmark set several years ago that the school budget should be no more than 60% of the total operating budget.

Mr. Peyton said he has no way of looking at school budget but strongly encouraged the Schools to consider any program that can be reduced, curtailed, or changed. He said he would rather plans be made now to avoid future problems.

Mr. Peyton said, for all the reasons he stated and the increase in the tax levy, he could not support the budget as proposed.

Mr. Deane said he appreciated comments from fellow Board members. This has not been an easy year. He said he supported the increase in the tax levy and noted the levy was \$.84 ten years ago. Water and sewer debt payments are the County's obligation. Hopefully, fees will cover debt payments when the economy improves.

Mr. Deane expressed his frustration with the State and Federal government cuts in funding for education. He felt wasteful spending could be found, and needs to be curbed, in every office in the County. It is not only the schools that are guilty of wasteful spending. Cuts need to be across the board not just for the schools. He said he made a commitment to work with

the School Board to “get his hands dirty” to figure out a way to alleviate pressure on all of us. Did not think raising the tax levy three cents this year would hurt. Supported the budget as proposed.

Mr. Cox said he supports the budget as proposed. He expressed his appreciation to Mrs. Tracy Morris, Finance Director, for her work on the budget. He also said he appreciates transparency by the schools.

Mr. Cox said he agrees with Mr. Deane that we can all “tighten our belts” to cut unnecessary items. In regards to the increase in the levy, he felt this is the time for an increase with assessed property values decreasing. He noted he will be one of the few paying more taxes this year.

Mr. Frydl questioned the comment by Mr. Peyton that we know for a fact that the overwhelming majority of citizens don’t want a tax increase. We don’t know anything for a fact. Mr. Peyton said he was referring to information from a referendum several years ago. Mr. Frydl said more people have stood up at meetings to say they would support a tax increase than those who have said they want the Board to lower taxes. He would not bet the majority is one way or the other.

Mr. Frydl said he has gotten answers to any questions he asked about the schools. The schools detailed line item budget is large. They are not requesting an increase this year and are actually making cuts. The largest single increase this year is for the Sheriff’s Department. There have not been any complaints regarding that increase.

Mr. Lamb said most departments provide justification for their budget requests. He asked for and received information from the schools but then it was refuted.

Mr. Frydl said if the budget is going to be allocated by percentages, then there is no point in having a Board of Supervisors. The Board is elected to make hard decisions and has been talking about this budget for months. Nothing has happened to change his mind and he supports budget as proposed.

Upon motion by David Cox and affirmative vote, the Board approved the resolution approving the FY 2013-2014 budget: (See Attachment “B”)

Recorded vote:	Jim Frydl	-	Yes
	Davis Lamb	-	No
	David Cox	-	Yes
	Eddie Deane	-	Yes
	Clarence Peyton	-	No

Motion carried.

RE: SHERIFF’S OFFICE – GRANT FUNDS - COPS

Ms. Missy McDaniel, Emergency Services Manager, was present to request authorization to apply for grant funds through the U.S. Department of Justice/COPS FY 2013 Hiring Program for funds to support a School Resource Officer position. This grant has a 75/25 match requirement and is for 36 months. There is a requirement that the locality has to pick up the position for a minimum of 12 months after the grant period ends.

Ms. McDaniel said this is a different request than was approved by the Board previously. If both grants were awarded, the Sheriff would choose which would be a better option for the County.

Upon motion by David Cox and unanimous vote, the Board approved the request by the Sheriff to apply for grant funds.

Recorded vote:	Jim Frydl	-	Yes
	Davis Lamb	-	Yes
	David Cox	-	Yes
	Eddie Deane	-	Yes
	Clarence Peyton	-	Yes

Motion carried.

RE: SHERIFF'S OFFICE – GRANT FUNDS - LEMPG

Ms. McDaniel said the Virginia Department of Emergency Management (VDEM) has announced the redistribution of the Local Emergency Management Program Grant (LEMPG). The objective of LEMPG is to support locality efforts to develop and maintain a Comprehensive Emergency Management Program to include work elements, training and planning. The funds will be allocated on 50/50 match basis. The projected allocation for Greene County is \$7,500. Matching funds are in the existing emergency services budget.

Upon motion by Davis Lamb and unanimous vote, the Board approved the request by the Sheriff to apply for grant funds.

Recorded vote:	Jim Frydl	-	Yes
	Davis Lamb	-	Yes
	David Cox	-	Yes
	Eddie Deane	-	Yes
	Clarence Peyton	-	Yes

Motion carried.

RE: UPGRADE OF AS400 COMPUTER SYSTEM

The Chairman said this is the second reading of the request to transfer funds in the amount of \$30,050 within the Computer Technology Department for an upgrade of the County's computer system.

Upon motion by Clarence Peyton and unanimous vote, the Board approved the request as presented.

Recorded vote:	Jim Frydl	-	Yes
	Davis Lamb	-	Yes
	David Cox	-	Yes
	Eddie Deane	-	Yes
	Clarence Peyton	-	Yes

Motion carried.

RE: MATTERS FROM THE PUBLIC

JEFFERSON AREA BOARD FOR AGING

Ms. Marta Keane, CEO of JABA, and Ms. Donna Baker, Director of Operations, were present. Ms. Keane expressed her appreciate of the Board's support of JABA.

The 2010 census indicated there were 2,345 people over the age of 65 residing in Greene County. That number will be increased by 120% by 2020. By 2030, an increase of 231% is predicted. Ms. Keane said this is indicative of people wanting to age in place.

This year JABA will provide services to over 900 senior citizens in Greene. They are working hard to help as many seniors as they can.

Ms. Keane briefly reviewed services offered by JABA.

RE: CONSENT AGENDA

Upon motion by Clarence Peyton and unanimous vote, the Board approved the following items on the consent agenda:

- a. Minutes of March, 26, 2013; April 9, 2013; and April 23, 2013 meetings.
- b. Resolution to authorize Stanardsville United Methodist Church to use Courthouse Lawn on Saturday, June 1, 2013 for the annual Strawberry Festival. (See Attachment "C")
- c. Resolution to accept and appropriate \$2,821 in Byrne Justice Assistance Grant Program (JAG) funds for the Sheriff's Office. Requires local match of \$313 which is included in budget. (See Attachment "D")
- d. Approval of Grant Policy guidelines. (See Attachment "E")
- e. Resolution to declare May 19-25, 2013 as National Emergency Medical Services Week. (See Attachment "F")

Recorded vote:	Jim Frydl	-	Yes
	Davis Lamb	-	Yes
	David Cox	-	Yes
	Eddie Deane	-	Yes
	Clarence Peyton	-	Yes

Motion carried.

RE: OTHER MATTERS FROM BOARD MEMBERS

Mr. Deane said TJPDC had a meeting last week. TJPDC will be working with RRBC to apply for a grant. Will provide additional information later.

Mr. Deane said he attended the grand opening of Pioneer Bank in Ruckersville. The President of Pioneer Bank spoke very highly of Greene County and said the Planning Department has been an asset to him and the bank.

Mr. Lamb said he attended the EDA meeting. All new members were present and Don Pamerter is chairman.

Mr. Peyton said the Regional Jail has finalized the budget as well as plans for expansion. The County will be contributing less money.

Mr. Peyton announced that he will not be seeking re-election this fall.

Mr. Cox said graduation of the CERT class is scheduled for June 3 at 8:00 p.m. at the Stanardsville Volunteer Fire Department. There will be 41 graduates.

Mr. Frydl said Mr. Julius Bates, Director of Parks and Recreation, has been asked to speak on the radio about the street ball fund raiser. It was the consensus of the Board to allow Mr. Bates to speak about this program to promote the fundraiser.

Mr. Frydl said Mr. Kyle Pursel, who was in the audience, had been appointed as the principal at William Monroe High School.

Mr. Frydl said there will be a press release shortly about Rivanna River Basin Commission. Funding sources are not secure to continue with staffing levels. Information will still be available and the website will be maintained.

RE: CONTINUED MEETING

The Chairman noted the Board will be hosting a workshop on Tuesday, May 28, at 6:30 p.m. to meet with citizens and business leaders. The continued meeting will begin at 7:30 p.m. as usual.
